AMENDMENT NO. 11 TO THE CITY OF
HAMILTON OFFICIAL PLAN

The following text, together with the attached Schedules "B" and "B-1" hereto, constitute Amendment No. 11.

PURPOSE

The purpose of this Amendment is to incorporate two schedule changes and a policy addition, in accordance with a recently approved Amendment to the Keith Neighbourhood Plan, to establish a "Zoning Buffer".

LOCATION

The lands affected by this Amendment are located in the area bounded by Victoria Avenue North, Burlington Street East, Birch Avenue, and the C.N. Tracks (Main Line) in the Keith Neighbourhood.

BASIS

The Amendment provides the basis for the rezoning of certain lands within the Keith Neighbourhood. The purpose of these zoning changes is to establish a protective buffer between industrial and residential uses. In this regard, the Amendment identifies a number of industrial uses which will not be permitted in the zoning by-law applicable to the subject lands.

The Amendment also provides for:

- the continuance of existing Industrial Uses; and,
- future amendments to the zoning by-law permitting other industrial proposals, if certain criteria establishing compatibility with other neighbourhood uses are satisfied.

ACTUAL CHANGES

- i) The following new policy be added to Subsection A.2.9.3, "OTHER POLICY AREAS", as Policy A.2.9.3.19:

"Notwithstanding the permitted uses set out in Subsection A.2.3 for those lands within the area shown on Schedule "B-1" as Special Policy Area 24, the following will apply:

2.

- i) The following Industrial Uses will not be permitted by the Zoning By-Law applicable to the subject lands: acid manufacture and storage; ammonia manufacture and storage; asbestos products manufacture; asphalt and asphalt products manufacture; carbon manufacture; cement manufacture; chemical and allied products manufacture; chlorine and chlorine bleaches manufacture; coke oven; non-ferrous metals manufacture and corrosion; distillation plant; fertilizer manufacture; firework manufacture; feed mill; fish packing plant; flour mill; fuel storage tank; garbage dump; gas plant; glue manufacture; incinerator; insecticide manufacture; lampblack manufacture; metal products manufacture where cutting, shearing, hammering, rolling, stamping, or grinding operations take place; nitrating plant; paints and varnish manufacture; paper mill; petroleum and petroleum products manufacture; potash manufacture; primary metals plant; propane gas manufacture or storage; pyroxylin manufacture or storage; rayon manufacture; rock crushing plant; sawmill; salvage yard where shredding and crushing operations take place; slaughter house and stock yard; soaps and detergents manufacture; tallow rendering plant; tannery; and, tar and tar products manufacture; and,
- ii) Existing Industrial Uses and their on-site expansion will be permitted in the implementing Zoning By-Law. Council will adopt Amendments to the Zoning By-Law permitting other Industrial proposals, earlier excluded, if it is determined that significant environmental impacts principally from noise/vibration, air pollution, fire and explosion, but also including visual and traffic considerations, are not created on neighbouring uses. Techniques to mitigate such environmental impacts may include, but not be limited to:
- a) site layout;
 - b) physical design of the building;
 - c) limiting uses to sub-classes of the zoning classification; and,
 - d) utilizing an industrial process which does not create environmental impacts which are detrimental to neighbourhood uses;
- ii) Schedule "B" of the Official Plan (Special Policy Areas), as amended, will be further amended by deleting the subject lands from Special Policy Area 11, as shown on the attached map, being Schedule "B" to this Amendment; and,

3.

iii) The following be added to Schedule "B-1" (Other Special Policy Areas):

- "Special Policy Area 24"; and,
 - "Area 24 refer to Policy A.2.9.3.19", to the legend,
- as shown on the attached Schedule "B" to this Amendment.

IMPLEMENTATION

A restricted area by-law will give effect to the intended use of the subject lands.

To Amend:

Zoning By-law No. 82-17

"If the Municipality takes the opportunity to amend the by-laws in accordance with such further investigation, such amending by-laws will require circulation in the normal fashion, and objections, if any, will be heard as a continuation of this hearing.

"If, on the other hand, the City decides not to take any action within this twelve month period, the Board will not approve the six by-laws and the Board's order will issue accordingly."

REASONS FOR DESIGNATION

THE HAMILTON PUMPING STATION (1860)

800 Woodward Avenue,
Hamilton, Ontario

At the east end of the city, near Confederation Park, are located the original structures of Hamilton's first pumping station on the property of the region's present waterworks.

Built in 1857-60, the historic waterworks, the system as well as the architecture, was designed by Thomas C. Keefer, one of the country's most important civil engineers and a leading proponent of Canadian railroads, canals, and public works projects.

Of major significance is that this entire complex--the pumphouse along with its engines, flywheels and pumps, the boiler house, the woodshed and the chimney stack--all survived in excellent condition and relatively unaltered, thanks to the devoted and careful stewardship of city and regional engineers. Today, these rotative Wolf compound beam engines are the only surviving, operating beam engines in situ in North America. In 1982, the National Sites and Monuments Board of Parks Canada designated the pumping station as a "Site of National Importance".

In terms of industrial architecture, the waterworks dates from the end of Hamilton's limestone era and from the beginning of the region's industrial expansion. Keefer's pumphouse design combines the massive masonry construction of Classical Revival style with the streamlined gleaming machinery of the new industrial age. The interior is a stunning and masterful synthesis of the two. The machinery, of English design, was a milestone in Canadian industrial history for it marked the first time that such large-scaled works were manufactured in this country, successfully executed by the John Gartshore Iron Foundry of Dundas.

Historically, Keefer's waterworks represented a major step forward in Hamilton's evolution into a modern city and considerable credit is due such foresighted leaders as Adam Brown. In keeping with its civic tradition, the original complex will be opened to the public in 1983 as a regional waterworks and steam museum.

By-law No. 84- 31

REASONS FOR DESIGNATION

THE RIGHT HOUSE35-41 King Street East,
Hamilton, Ontario

In 1890 to 1893, Hamilton merchant Thomas C. Watkins built the new premises for The Right House on Gore Park, heralding the arrival in the city of a contemporary innovation—retail marketing on the grand scale. The Right House was bigger, bolder and better equipped than any of its neighbouring rowhouse stores. Architect William Stewart & Son had been able to translate this new merchandising spirit into architectural terms with considerable success and a good measure of Victorian flamboyance.

In the interest of promoting its "modern" aspect, The Right House design employed many of the fashionable features of the day: running arcades, columns and stone arches busily articulated the street facade; contemporary pressed metalwork provided the crowning decoration to eaves and parapet (now gone); window openings contained so much plate glass that the building was nicknamed the Crystal Palace; and modern conveniences such as the elevator offered an added degree of comfort and class to shopping excursions. In terms of subsequent architectural developments, Watkins' building was not only the first but it is now also the last of the large nineteenth century department stores to survive intact in the city. As such, The Right House is a unique example of its kind in Hamilton.

That entrepreneur Watkins chose to locate on the Gore was in keeping with a city tradition, for the Gore was the commercial focus of Hamilton for both retail and wholesale businesses. Furthermore, Gore Park was a major city attraction for Hamiltonians at the turn of the century; its lush mature trees, flower beds and graceful fountain provided a setting not only pleasant for people but also highly complimentary to the surrounding architecture. Then, as today, Watkins' store related well to the site, for its design was both harmonious and distinctive, and its size was scaled appropriately for people and open square. While the Gore streetscape has continued to evolve—new buildings have replaced old and facades have changed according to fashion—the Right House has maintained its place of prominence. The building still serves as a major anchor block on the Gore, and, except for minor changes, retains its original appearance and vitality.

Of particular significance are the south and east facades on the exterior and the cast iron columns on the first floor of the interior.

Pathways will be established to provide attractive and convenient areas for walking and bicycling.

REASONS FOR DESIGNATION

THE FEDERAL/SUN LIFE BUILDING42 James Street South,
Hamilton, Ontario

In 1905-06, the Federal Life Assurance Company expanded its home office with the construction of a new eight-storey facility on the northwest corner of James and Main Streets. Designed by Montreal architects Finley and Spence, this imposing and dignified edifice injected a new degree of monumentality and stature to the city's major intersection, that was continued in the later Mercantile Bank and Bank of Montreal.

Typical of the early twentieth-century office blocks, the architectural design is derivative of old-world models, in this case Florentine palaces, but freely re-interpreted to suit the needs of an office building. A contemporary architectural journal admired the Federal Life design as "the proper way to escape monotony of book-renaissance and give our buildings both the touch of the individual designer and the touch of our own generation".

There is little to indicate on the exterior that this building made history as Hamilton's first modern steel skeleton construction. Concealed behind a facade of granite and terra cotta is the load-bearing skeletal framework which splayed at the top for the overhanging eaves. Now gone, this original, over-sized cornice, constructed of pressed metal and embellished with enormous brackets and mouldings, once provided a dramatic terminus to the building and a bold definition to the corner. Likewise, the two ground floors of rusticated granite with central doorway have been altered, leaving only the upper walls, windows, string courses, and wreathed circular windows of the original design in tact.

Historically, the Federal Life Assurance Company is significant as one of a few major financial institutions to originate in Hamilton. Begun in 1882, the company had developed into a 28 million dollar business by the time Sun Life Assurance Company purchased it in 1915. As Sun Life's divisional headquarters from 1915 to 1976, 42 James Street South played an important role in the city's financial activity. In addition, the spacious, two-storey public room on the top floor served as the U.S. Consulate from 1928 to its closing in 1953.

In summary, the Federal/Sun Life building is considered to be of local significance. Today, Hamilton has only a few reminders left of an era when office buildings were once designed in an elaborate manner, and when a number of institutions still had their headquarters in the city.

REASONS FOR DESIGNATION

THE PIGOTT BUILDING36-40 James Street South,
Hamilton, Ontario

36-40 James Street South was built in 1928-29 in the Hamilton downtown core by J.M. Pigott's construction company for his realty company. Architects for the building were Prack and Prack, a local firm that specialized in industrial buildings.

As the city's first and only pre-modern skyscraper, the Pigott building records the arrival in Hamilton of this revolutionary new building type and, as such, serves as an important milestone in the city's architectural development.

Towering over its contemporaries, the eighteen-storey structure dramatically altered the traditional building scale of the downtown. The Pigott's lofty, set-back silhouette became the focal point of the Central Business District and the crowning element of the James streetscape. Lighted at night for special effect, the Pigott tower immediately became a popular landmark. It gave greater status to the downtown and a progressive image to the city.

It is significant that a building noted for its modern innovations, could also relate successfully to its older, established setting. Traditional, Gothic Revival detail and the standard building alignment provided a continuity at street level; set-backs, unbroken vertical piers and sculptured finials gave free expression above to the skyscraper's exhilarating new height. This was a theatrical interpretation rather than a structural one and belonged to a short-lived movement centred in New York City. In Hamilton, the Pigott is the only one of its kind and, because the Depression followed half a year after construction, the movement is not widely represented in Canada.

The success of the Pigott building must be credited to architects Prack and Prack, who excelled in the only skyscraper they ever designed, and to owner J.M. Pigott, who undertook the construction of the city's first skyscraper with the best material and workmanship available. This partnership produced a building which combined the traditional building arts with the new technology. On the exterior, tyndall limestone sheathing and decoration covered the new steel skeleton construction and, on the interior, the entrance lobby, containing the most up-to-date elevators, was richly decorated in the traditional manner with marble, brass, gothic arches, and coffered ceiling.

While no longer the highest point in the city, the Pigott tower today still functions as a dramatic and distinguished component of the Hamilton downtown, providing, as well, a welcome stylistic variety and a valuable historical dimension. As the headquarters of an important Hamilton firm and the work of local architects and builder, the Pigott building always had considerable meaning for the city; as an outstanding example of its type, Hamilton's first skyscraper is considered to be of provincial significance.

ACTUAL CHANGE

1. The following new policy be added to Subsection B.3 - Circulation and Movement Section, as Policy B.3.1.19:

- i) Define the energy characteristics of the environment and land form including surface feature and drainage patterns by:
 - a) utilizing climatic data, such as, but not limited to, air quality, temperature fluctuations, hours of sunlight, heating and cooling degree days, precipitation and wind speed frequency/direction;
 - b) constructing a topographic profile including slope gradient and orientation; and,
 - c) evaluating all natural and man-made features;
- ii) Design a street pattern by:

"Council will require that in the design of any development and/or redevelopment proposals, the following features be incorporated, where possible:

- i) the orientation of buildings in a manner that maximizes the use of direct solar energy;
- ii) the elimination or reduction of shadow casting onto adjacent existing and approved buildings; and,

3.

- iii) the utilization and proper siting of plant material, having regards to their shadow casting and windbreaking abilities."

BY-LAW NO. 84-101

To Amend:

Zoning By-law No. 75-178

Respecting:

**LAND LOCATED AT THE SOUTH-EAST CORNER OF
UPPER OTTAWA STREET AND LARCH STREET**

WHEREAS The Ontario Municipal Board in its Decision dated July 27, 1976, (R 752514), provided as follows:

"We will approve By-law 75-178 with the exception of Section 2 thereof and any references pertaining to Section 2 in the by-law. We will reserve our decision with respect to Section 2 until such time as the City Council has finally dealt with the question of extending its by-law controlling the hours of operation of automobile service stations and related uses in proximity to residential areas in parts of the City of Hamilton where such by-law has not been put into effect. We do not presume to make any recommendations as to what form that by-law should take and we wish to leave the various parties to this application free to make whatever representations they think appropriate to the City Council on the matter. Should the Council decide for some reason that it is premature to extend such control over the area in which the subject lands are situated, then any of the parties may apply to the Board for a resumption of this hearing in order to bring forth additional evidence and make further submissions."

AND WHEREAS a hearing was resumed on the 6th day of February, 1984;

AND WHEREAS the Ontario Municipal Board in its written Decision of February 6, 1984, as set out in the Board's Hearing Record, provided as follows:

"Section 2 and any references relating to Section 2, of B/L 75-178 will be approved when such Section is amended to restrict the use to a gas bar-type use and prohibits vehicular access from Larch Street into the gas bar lands. Such amending By-law will be approved without further notice or hearing.

No Order shall issue until the Board is advised that:

- 1) the Company has enforceably undertaken to the City to limit hours of operation from 6 a.m. to 12 midnight, and
- 2) the Company has entered into a Section 40 site plan control agreement with the City, duly registered on title, such agreement to reflect Exhibits 22 and 24 and to provide for perimeter berming as described by Mr. Shortis."

AND WHEREAS it is intended herein to amend By-law No. 75-178 in accordance with the Board's Decision;

AND WHEREAS this by-law is in conformity with the Official Plan of the Hamilton Planning Area approved by the Minister under The Planning Act on June 1, 1982.

NOW THEREFORE the Council of The Corporation of the City of Hamilton enacts as follows:

1. Section 2 of By-law No. 75-178 is repealed and the following substituted in lieu thereof:

2. The "G" District provisions applicable to the lands in Blocks 1 and 2 are amended to the extent only of the special requirements that,

- (a) a gasoline bar shall be permitted consisting of one or more pump islands each containing one or more gasoline pumps or other fuel dispensing equipment, where only gasoline, motor fuels, motor oils and small accessories required for the operation of motor vehicles are sold or offered for sale and no other automobile servicing is offered;
- (b) a pylon sign may be erected and shall be located not less than 15 feet from the lot line;
- (c) no land comprised in Block 2 adjacent to Larch Street shall be used for egress from and access to Larch Street.

2. Section 5 of the said by-law is amended by striking out "Section 1" in the second line and substituting in lieu thereof, "sections 1 and 2".

[1984] S.R.S.C. 4, April 14

AMENDMENT NO. 15 TO THE CITY OF HAMILTON OFFICIAL PLAN

The following text, together with the attached Schedule 'H' hereto, constitutes Amendment No. 15.

PURPOSE

To incorporate a number of new policies in the Official Plan as necessitated by the new Planning Act.

BASIS

The new Planning Act, which came into effect August 1, 1983, requires that if a municipality wishes to utilize certain provisions under the Act, then appropriate policies must be incorporated in the Official Plan. These provisions include: Alternative Notice Procedures; Community Improvement Plans; Holding By-laws; Bonus By-laws and Site Plan Control.

Given that:

- many of these planning measures have been utilized by the City, prior to the new Planning Act without corresponding Official Plan policy; and,
- it is Council's intent to continue utilizing these measures under the new Act;

therefore, it is appropriate to amend the City's Official Plan.

The new Act also contains provisions relating to Interim Control and Temporary Use By-laws. While these two provisions do not require corresponding Official Plan policy, it is appropriate to incorporate such policies in the Plan to identify Council's intent to utilize them as required.

ACTUAL CHANGES

- A) The following new Subsection D9 to be added to Section 'D' Implementation:

"D9 Notification and Public Participation Procedure

It is intended that all proposed Amendments to this Plan and the Zoning By-Law will be subject to a formal NOTIFICATION AND PUBLIC PARTICIPATION PROCEDURE. Further, in the preparation of Community Improvement Plans and Amendments thereto, the same PROCEDURE will be followed.

04/24/84

243

Accordingly, such a PROCEDURE will define the method of informing and obtaining public input to ensure that any proposed Amendment is responsive to municipal and public concerns.

It is intended that the PROCEDURE established in this Subsection of the Plan will replace all relevant sections of the Planning Act, and its implementing regulations, as they apply to public notice and input. The requirements of the Planning Act for amendments to the Official Plan, the Zoning By-law and Community Improvement Plans and Amendments thereto, will apply unless the PROCEDURES herein are met. The City of Hamilton is exercising the opportunity afforded by the Planning Act to establish an alternative PROCEDURE.

9.1 In considering the merits of any proposed Amendment to this Plan or Zoning By-Law, as a result of a specific application or special study, and in the preparation of a Community Improvement Plan and Amendments thereto, the Planning and Development Committee, on behalf of Council (in accordance with the Municipal Act), will notify, inform, and seek the input of all interested citizens. Accordingly, this Committee will be guided by the following PROCEDURE OF NOTIFICATION AND PUBLIC PARTICIPATION:

- i) To inform and secure input from the public on the particulars of a proposal, the Planning and Development Committee will hold one or more public meeting(s). Further, depending on the nature and extent of a proposal, the Committee may also choose to:
 - a) convene open house (s);
 - b) have public displays;
 - c) hold workshops or seminars; or,
 - d) utilize other means considered appropriate to inform and secure public input.

In all cases, the appropriate staff will be available to assist and receive comments from the public during normal business hours on any matter where public notice has been given.

- ii) NOTIFICATION of such meeting(s) will be given to the public at least 17 days prior to the date of the meeting(s) and will be given either by:
 - a) publication in a newspaper that is, in the Clerk's opinion, of sufficiently general circulation in the area to which the proposal would apply; and/or,
 - b) personal service or prepaid first-class mail, to every owner of land

- in the area to which the proposal would apply; and,
- within 120 metres of the area to which the proposal would apply,

as shown on the last revised assessment roll of the municipality, at the address shown on the roll, but, where the Clerk has received written notice of a change of ownership or occupancy of land, notice shall be given to the new owner or occupant as the case may be at the address set out in the written notice; and/or,

B) The following new Subsection D.10 be added to Section 'D' Implementation:

"Community Improvement

It is the general intent of the Plan to promote the ongoing maintenance of the established areas of residences and work in the City through COMMUNITY IMPROVEMENT. Accordingly, it is intended that COMMUNITY IMPROVEMENT be achieved by means of the conservation, rehabilitation or redevelopment of areas characterized by obsolete buildings, and/or conflicting land uses and/or inadequate levels of Engineering and Community Services.

It is thus necessary to provide the framework to co-ordinate public and individual initiatives to effectively utilize the funding programs available from senior levels of government for COMMUNITY IMPROVEMENT. To this end, it is further intended that COMMUNITY IMPROVEMENT Project Areas, be identified and appropriate strategies for their revitalization be detailed through COMMUNITY IMPROVEMENT Plans.

10.1 It is the intent of Council that the COMMUNITY IMPROVEMENT AREAS as shown on Schedule "H" may be designated, in whole or part, by by-law, as COMMUNITY IMPROVEMENTS Project Areas, for which detailed COMMUNITY IMPROVEMENT Plans will be prepared.

10.2 Council will utilize the following criteria to identify and delineate COMMUNITY IMPROVEMENT Project Areas:

- i) Older, predominantly Residential areas, which are potentially stable and have some of the following:
 - a) a significant portion of the housing stock in need of rehabilitation;
 - b) inadequate Engineering Services such as: sewers and water mains; roads and streets; curbs and sidewalks; and street lighting and utilities;
 - c) inadequate Community Services such as public indoor/outdoor recreational facilities; public open space; and public social facilities;

- d) encroachment of non-residential uses; and,
 - e) inadequate parking facilities.
- ii) Older, predominantly Commercial areas, which are potentially stable and have some of the following:
- a) a significant portion of the building stock in need of rehabilitation;
 - b) inadequate Engineering Services such as: roads, sewers and water mains, street lighting;

 - d) existing or potential for a Business Improvement Area designation; and,
 - e) inadequate parking facilities.
- iii) Older, predominantly Industrial areas, which are potentially stable and have some of the following:
- a) inadequate engineering services;
 - b) inadequate road access and traffic circulation;
 - c) shortage of land to accommodate building expansion and/or parking and loading facilities;
 - d) encroachment of non-industrial uses; and,
 - e) building and/or property deterioration.
- 10.3 Council will determine the sequences in which designated COMMUNITY IMPROVEMENT Project Areas will have individual COMMUNITY IMPROVEMENT Plans prepared. In this manner, limited public funding assistance will be directed to those Areas with critical deficiencies.
- 10.4 The COMMUNITY IMPROVEMENT Plan will function to co-ordinate individual initiatives to improve properties with municipal actions to improve Engineering and Community Services. Accordingly, COMMUNITY IMPROVEMENT Plans will define which of the following measures amongst others will apply in the affected COMMUNITY IMPROVEMENT Project Areas.
- i) use of appropriate funding programs;
 - ii) acquisition of land where necessary in keeping with Subsection D.5 of this Plan;

04/24/84

- iii) enforcement of a property standards by-law in keeping with Subsection C.5 of this Plan;

COMMUNITY IMPROVEMENT Plans and amendments thereto will be adopted by Council.

10.6 When Council is satisfied that the COMMUNITY IMPROVEMENT Plan has been carried out, Council may, by by-law, dissolve the COMMUNITY IMPROVEMENT Project Area."

C) A new Schedule 'H', "Community Improvement Areas", as attached, be incorporated into the Official Plan.

D) The following changes be made to Subsection D.3 Zoning By-Law:

- i) add the following to the title "AND SITE PLAN CONTROL"
- ii) delete the preamble of the Subsection (in italics) and replace with the following:

"It is intended that the principal means of implementing this Plan and regulating land use will be by ZONING BY-LAW and SITE PLAN CONTROL. Accordingly, Amendments to the ZONING BY-LAW will be introduced for the purposes of conformity. It is intended that land not be rezoned in order that the SITE PLAN and other details will be previewed prior to development going ahead. In this matter, amenity and design, population density, public works' requirements, environmental concerns, and all other related policies of this Plan, or any Neighbourhood Plan, may be reviewed and appropriate ZONING regulations applied."

iii) delete the last sentence in Policy 3.1;

iv) where an area must undergo further study, or where a detailed design plan is required, as designated in this Plan, or as will be determined by an Amendment to this Plan from time to time."

vi) add a new Policy 3.5 as follows:

"In accordance with Subsections A.2.1, A.2.2, A.2.8.9, and A.2.9.3, Council may, where deemed appropriate, permit bonuses to increase the height and/or density of development or redevelopment than otherwise permitted in the ZONING BY-LAW, where the proponent of such an undertaking provides such facilities, services, and other matters as may be set out in the ZONING BY-LAW."

vii) add a new Policy 3.6 as follows:

"In accordance with the Planning Act, it is intended that SITE PLAN CONTROL measures be utilized, where appropriate, to minimize impacts of potentially incompatible uses, to maintain or enhance the existing character of an area, to ensure a safe and attractive environment, and to implement City and Regional standards

04/24/84

249

Accordingly, the entire area within the corporate limits of the City of Hamilton will be a Proposed SITE PLAN CONTROL Area. While specific areas and uses where SITE PLAN CONTROL will apply will be established by BY-LAW, it is generally intended that the following areas will be exempted:

viii) add a new Policy 3.7 as follows:

"In accordance with the Planning Act, Interim Control By-Laws may be used to limit the use of lands or buildings where Council has directed a study of land use planning policies in a defined area of the City. The provision of the Planning Act regarding timing, notice, and appeals of these By-laws will apply."

ix) add a new Policy 3.8 as follows:

"In accordance with the Planning Act, Temporary Use By-laws may be used to permit the use of lands, buildings, or structures, on a temporary basis, for any purpose as may be specified in the said By-law. The provisions of the Planning Act regarding timing and extensions to such By-laws will apply."

E) The following new Policy 2.1.16 be added to Subsection A.2.1:

"To enhance the quality of any high density RESIDENTIAL development, Council may, where deemed appropriate, permit additional density, where the proponent provides landscaped areas in excess of the Zoning By-law provisions in accordance with Subsection D.3 of this Plan."

F) The following new Policy 2.2.39 be added to Subsection A.2.2:

"To enhance the quality of any COMMERCIAL/RESIDENTIAL development, Council may, where deemed appropriate, permit additional Residential density where the proponent provides landscaped areas in excess of the Zoning By-law provisions, in accordance with Subsection D.3 of this Plan."

- G) The following new Clause (vii) be added to Policy 2.8.9 in Subsection A.2.8:

The program will be co-ordinated through the Joint Advisory Committee. A counselling agency shall be retained to have personal and confidential contact with program users.

This counselling service will report its accomplishments regularly to the Joint Advisory Committee. Members of this committee will be made known in the work-place so they may act as a line of communication between employees and the counselling source.

BETWEEN MAIN STREET EAST AND KING STREET EAST, AND
KNOWN MUNICIPALLY AS 17 TO 21 EAST AVENUE SOUTH

The Council of The Corporation of the City of

City Clerk
Acting Mayor

AMENDMENT NO. 16 TO THE
CITY OF HAMILTON OFFICIAL PLAN

The following text, together with the attached Schedule "B-1", constitute Amendment No. 16.

PURPOSE

To establish a site specific policy to permit a seven (7) storey, thirty (30) unit multiple residential building on lands designated "Commercial".

LOCATION

The subject lands are located on the east side of East Avenue South between Main Street East and King Street East, and known municipally as 17 to 21 East Avenue South.

BASIS

This amendment can be supported on the following basis:

- The area is a "mixed use" area consisting of commercial, residential and institutional uses. Accordingly, the proposal would not be out of character with the existing development;
- The proposal would make use of a partially completed derelict structure, which would improve the appearance of the streetscape;
- The property is well served by public transportation routes along King Street East and Main Street East which could be utilized by residents of the apartment; and
- The Central Area of Hamilton starts at Victoria Avenue, one block to the east. The development in this location will provide additional residents to maintain and enhance the commercial function of downtown Hamilton and who will be able to take advantage of the wide range of social, cultural and recreational facilities in the Central Area.

ACTUAL CHANGES

The Official Plan is hereby amended as follows:

- 1) The following new policy be added to Subsection A.2.9.3, OTHER POLICY AREAS, as Policy A.2.9.3.20:

"A.2.9.3.20 Notwithstanding the permitted uses as set out in Subsection A.2.2, COMMERCIAL USES, for those lands shown on Schedule B-1 as SPECIAL POLICY AREA 25, and known municipally as 17 to 21 East Avenue South, a seven storey, 30 unit multiple residential building may be permitted."

The following be added to Schedule B-1 (Other Special Policy Areas):

- Special Policy Area 25, and
- "Area 25, refer to Policy A.2.9.3.20",

all as shown on the attached Schedule B-1 to this Amendment.

IMPLEMENTATION

The restricted area by-law will give effect to the intended use of the subject lands.

AMENDMENT NO. 17 TO THE
CITY OF HAMILTON OFFICIAL PLAN

The following text, together with the attached Schedule "A", hereto constitute Amendment No. 17.

PURPOSE

To delete a "Residential" designation and substitute a "Major Institutional" designation for those lands shown on the attached Schedule "A".

LOCATION

The subject lands are located in the area north of King Street East and east of Nash Road.

BASIS

The subject lands are presently designated Residential. As such, an institutional use would have been permitted provided the total site area did not exceed 0.4 hectares. However, the total area of the subject lands is approximately 10.5 hectares.

The proposed Public Hospital (Ambulatory Care Facility) will fulfill a need for health care services in the east end of the City which currently is without such a facility. In addition, the proximity of the subject lands to the intersection of two major roads (i.e. King Street East and Nash Road) would render the location of a hospital on these lands suitable.

On the basis of the above it is considered appropriate to redesignate the subject lands for "Major Institutional" uses.

ACTUAL CHANGE

Schedule "A" of the Official Plan (Land Use Concept) be amended by redesignating the subject lands from "Residential" to "Major Institutional" as shown in red on the attached Schedule "A" to this Amendment.

IMPLEMENTATION

A restricted area by-law will give effect to the intended use of the subject lands.

AMENDMENT NO. 20 TO THE
CITY OF HAMILTON OFFICIAL PLAN

The following text, together with the attached Schedule "A" hereto, constitute Amendment No. 20.

PURPOSE

To delete an "Open Space" designation and substitute a "Residential" designation for those lands shown on the attached Schedule "A".

LOCATION

The subject lands are located on the west side of Grays Road, north of the Queen Elizabeth Way.

BASIS

This amendment will permit large-lot single-family development on the subject lands. The amendment can be supported on the basis that the large lots will be compatible with adjacent uses (Confederation Park and single-family dwellings). Since the subject lands are not intended to be acquired for parks purposes, their development for residential uses is considered appropriate.

ACTUAL CHANGE

Schedule "A" of the Official Plan (Land Use Concept) be amended by redesignating the subject lands from "Open Space" to "Residential" as shown in red on the attached Schedule "A" to this Amendment.

IMPLEMENTATION

A restricted area by-law will give effect to the intended use of the subject lands.

AMENDMENT NO. 19 TO THE
CITY OF HAMILTON OFFICIAL PLAN

The following text, together with the attached Schedule "B" hereto, constitute Amendment No. 19.

PURPOSE

To establish a site specific policy to permit an existing parking area and a pylon sign on lands designated "Residential".

LOCATION

The subject lands are located on the south-west corner of Cline Avenue South and Main Street West, and known municipally as 1117 Main Street West.

BASIS

This amendment can be supported on the basis that:

- the parking area has been used for a number of years with no apparent impact on surrounding uses;
- the parking area is located on a busy arterial road;
- the parking area serves a medical office at 1100 Main Street West (north side of Main Street West), thereby alleviating on-street parking demand; and
- the existing pylon sign would not appear to have negative effect on surrounding uses.

ACTUAL CHANGES

- i) The following new policy be added to Subsection A.2.9.3, OTHER POLICY AREAS, as Policy A.2.9.3.22:

"A.2.9.3.22 Notwithstanding the permitted uses as set out in Subsection A.2.1, RESIDENTIAL USES, for those lands shown on Schedule "B" as SPECIAL POLICY AREA 27, and known municipally as 1117 Main Street West, an existing parking area and a pylon sign will be permitted."

ii) The following be added to Schedule "B", Special Policy Areas:

- a) Special Policy Area "27" on the map portion of Schedule B; and
- b) "Area 27, refer to Policy A.2.9.3.22" in regard to Schedule "B".

IMPLEMENTATION

A restricted area by-law will give effect to the intended use of the subject lands.

AMENDMENT NO. 23 TO THE
CITY OF HAMILTON OFFICIAL PLAN

the following text, together with the attached Schedule "A" hereto, constitute Amendment No. 23.

PURPOSE

to delete an "Open Space" designation and substitute a "Commercial" designation for those lands shown on the attached Schedule "A".

LOCATION

The subject lands are located at 1053 Main Street West.

SUMMARY

The subject lands are presently designated Open Space. As such, the proposed use (general and/or medical offices and a family restaurant) would not be permitted. However, the proposal can be supported on the basis of the following:

the proposed use would make use of an existing two-storey office building formerly occupied by Ontario Hydro;

the proposed use would be compatible with the surrounding commercial, institutional, and residential uses along Main Street West; and,

the subject lands front on a major arterial road and are adjacent to Highway #403.

On the basis of the above, it is considered appropriate to designate the subject lands "Commercial".

IMPLEMENTATION

Schedule "A" of the Official Plan (Land Use Concept) be amended redesignating the subject lands from "Open Space" to "Commercial", shown in red on the attached Schedule "A" to this Amendment.

IMPLEMENTATION

This Amendment would be implemented by a Zoning By-Law.

AMENDMENT NO. 25
TO THE CITY OF HAMILTON
OFFICIAL PLAN

The following text, together with Schedule "B" attached hereto, constitutes Amendment No. 25.

PURPOSE

To permit the limited commercial uses on the subject lands.

LOCATION

Lands on the west side of Upper James Street, south of Fennell Av known municipally as 638 Upper James Street.

BASIS

Official Plan Amendment No. 6 designated the lands from 638 to 67 Upper James Street for Commercial uses on Schedule "A", but, thro Policy A.2.9.3.17, permitted only limited commercial uses. These were to be within existing buildings, or where a building was des it could only be replaced by a building with the same external dimensions and floor area.

The lands at 638 Upper James are vacant; consequently no developm can take place thereon. It appears that the Ontario Municipal Board, in rendering its decision, inadvertently precluded the use of this property for the uses permitted under Amendment No. 6. O this basis, the development of these lands for limited commercial uses in keeping with the intent of O.P.A. #6 can be supported.

ACTUAL CHANGES

1. The following new policy be added to Subsection A.2.9.3 - Other Policy Areas, as Policy A.2.9.3.24:

"Within Special Policy Area No. 29, shown on Schedule "B" - Special Policy Areas, and known municipally as 638 Upper James Street, limited commercial uses will be permitted in keeping with the external dimensions and floor area of the adjoining development to the south on Upper James Street."

2. The following be added to Schedule "B" - Special Policy Areas:

- "Special Policy Area 29"; and,
- "Area 29 refer to Policy A.2.9.3.24" to the legend.

REASONS FOR DESIGNATION

THE VICTORIA HALL BUILDING

68 King Street East,
Hamilton, Ontario

68 King Street East, known originally as Victoria Hall, was designed and built in 1887-88 by architect William Stewart for Alexander Bruce, a local barrister employed many years by the Canada Life Assurance Company.

The property is listed on the City's Inventory of Architecturally and Historically Significant Buildings and is located in the Gore Park district, considered to be one of the most important streetscapes in the city.

Victoria Hall has the distinction of being the only known example in the downtown of an applied metal facade, dating from the 1880's. The building counts among the last of the robustly decorative, High Victorian commercial blocks that once were prominent on the Gore. The elaborate metal decoration, designed to imitate highly ornate stone carving, kept pace with splendidly baroque masonrywork of the Post Office, erected next door just the year before, (demolished 1930's). Originally, the building had an ornamental parapet across the front that read "1887 Victoria Hall".

Located on the south side of King Street East between Hughson and John Streets, 68 King Street East belongs to a row of seven pre-modern structures which together form a sizable heritage nucleus that exerts a considerable impact on the Gore streetscape.

During its long history, Victoria Hall has housed a number of businesses, including Heintzman Pianos, the Scott Paint Store and Foster's Fashion Shop.

Of particular significance is the North front facade which includes roof, walls and foundation.

REASONS FOR DESIGNATION

172 Hess Street North,

Hamilton, Ontario

The two-storey brick dwelling located at 172 Hess Street North was built in 1858 by Thomas Peat, carpenter. The house stands on a rise of land, overlooking the bay and, when built, was the northernmost residence on Hess Street.

Features of architectural distinction are its prominent siting, all proportions, high end-chimneys, and the unusual detailing around over the door and under the eaves. Unique are the carved braces decorating the end brackets.

From 1858 to 1886, # 172 Hess Street North served as the home of Thomas Peat, listed as carpenter and builder, and of John J. Whitehead and his family for the following twenty-five years. Born in England, Mr. Whitehead was first in the iron business here, then in America from 1858 to 1878, and when coming to Canada, he became a leader in the metal industry as superintendant of the Hamilton Iron Forging Company, founded 1879. He was responsible for the establishment of the rolling mill in 1885. From his house, he could overlook the iron works below located on the block bounded by Hess, Barton, Queen and Stuart Streets.

Included in the designation are the front facade, roof, the chimneys and architectural trim.

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the City of Hamilton, in the Regional Municipality of Hamilton-Wentworth and being composed of the south twenty-two feet (22') of Lot number One and the north twenty-two feet (22') of Lot number Two on the corner of Queen and Robert (now Bold) Streets in a Survey of Lots laid out by T. A. Blyth for Robert W. SCHEDULE "B"

To

By-law No. 84-251

REASONS FOR DESIGNATION

150 Queen Street South,
Hamilton, Ontario

The brick house at 150 Queen Street South was built in 1873 for Andrew Greenhill and was originally one of a row of four similar houses all belonging to the Greenhill family.

The one-storey height, hip roof and corner quoins are features of the "Ontario Cottage" style, so named because of its popularity in Ontario. It was a style favoured by British colonists but not commonly used in the U.S.

The house is reached by a set of stairs, originally wooden, which leads up to a front porch, supported by four wooden columns. By the mid-1870's, this height of land on the west side of Queen Street was built up with a row of housing, at a time when the land to the east, south and north was still undeveloped. That 150 Queensn Street South still today is part of that original row mutually strengthens the impact of all of them and provides an effective contrast to the high-rise buildings erected across the street.

Included in the designation are the east and north facades-- walls, roof, foundation, porch and stairs.

Subject as hereinafter provided, such egress shall be available so long as the Hotel Developer and the City shall maintain and fulfill their obligations under the Hotel Parking Agreement and this Agreement unless otherwise terminated by Second Phase and Fourth Phase as provided herein.

(ii) The Hotel Parking Agreement and this egress easement may be terminated by Fourth Phase and Second Phase in the event that the Hotel Developer or the City shall be in default under any financial obligation contained therein or herein. Notwithstanding the sublease referred to in 4.3(a) above, the Hotel Developer and the City shall have the right to remedy such default within such notice period as set out in this Agreement, in the event that the party in default does not remedy the same.

(iii) Notwithstanding that the Hotel Developer and the City shall have complied in all respects with their obligations under the Hotel Parking Agreement and hereunder, if Fourth Phase and Second Phase wish to terminate this egress easement and establish alternate egress to King Street West, then, on not less than one (1) year's prior written notice to the Hotel Developer and the City, given by Fourth Phase and Second Phase, the said egress easement shall terminate as of the date stated in the notice. - (ii) The parties hereto shall agree to division of receipts from the Hotel Parking.
- (iii) The Hotel Developer and the City shall pay their agreed upon share of:
1. all costs applicable to operating the pooled parking on such basis, including the costs of operating, security, repair and maintenance of the egress route and the cost and expenses of applicable amenities and facilities required during the periods the parking areas of Second Phase and Fourth Phase would not normally be open for the business of Second Phase and Fourth Phase;
 2. the existing parking costs; and,
 3. all such additional costs as are in excess of the present costs of Second Phase and Fourth Phase (subject to normal adjustment for increases in the normal course of operating the pooled parking over the term) in operating their present parking and exiting therefrom on the existing basis, including the cost of booths, check-out machines, staff, exit doors and security.

Such letter of credit shall be held by Second Phase and/or Fourth Phase to guarantee the completion and payment of all such construction costs and to ensure that no liens, encumbrances or charges shall attach to the lands leased by Second Phase or by Fourth Phase. In the event that any liens, encumbrances or charges shall attach to the lands leased by Second Phase or by Fourth Phase arising from and out of said construction, or if said construction is not completed expeditiously in accordance with the construction contract for the same, then Second Phase and/or Fourth Phase shall be entitled to call upon the full amount of the letter of credit in which event the proceeds thereof shall be used by Second Phase and/or Fourth Phase:

Thirdly: In payment of all costs and expenses relating to obtaining a discharge of any such liens, encumbrances or charges or in the completion of such construction; and,

Fourthly: Any funds received under the letter of credit and not otherwise applied by Second Phase and/or Fourth Phase as hereinbefore set out, shall be returned to the Hotel Developer.

(c) In addition thereto, the Hotel Developer shall provide to Fourth Phase and Second Phase such indemnities as may be required by Second Phase and/or Fourth Phase to guarantee the completion and payment of all such construction to ensure that no liens, encumbrances or charges shall attach to the lands leased by Second Phase or by Fourth Phase and such reasonable insurance coverage as may be applicable to such construction with proceeds thereof to be solely payable to Second Phase and Fourth Phase; provided that should any insurance proceeds be paid to Second Phase and/or Fourth Phase, such proceeds shall be used by Second Phase and/or Fourth Phase to reimburse Second Phase and/or Fourth Phase for any or all costs, damages, losses as it may suffer as a result of the construction by the Hotel Developer of the egress ramp, any excess proceeds so received by Second Phase and/or Fourth Phase then to be used in accordance with the terms and conditions of the immediately preceding paragraph.

(e) The Hotel Developer shall compensate Fourth Phase for the loss (to be agreed upon in the Hotel Parking Agreement) of up to four (4) parking spaces on the lands leased by Fourth Phase, (which loss will be equivalent to the amount Fourth Phase would have received if the same were available for monthly parking at the then applicable rate for monthly parking).

(f) The Hotel Developer hereby agrees to compensate and hold harmless Fourth Phase and Second Phase for all costs and expenses incurred or assumed by Fourth Phase and Second Phase in respect of such construction, the egress route and any matters related thereto, and resulting from this Agreement from and after January 1, 1984, including the reasonable and proper costs of all architects, consultants and solicitors retained by them for the purposes of preparing, reviewing, determining and finalizing this Agreement and all matters resulting therefrom, including reviewing, advising and assisting in the various levels of interconnect with the Hotel.

(h) With respect to such construction, the Hotel Developer hereby agrees to indemnify, hold harmless and reimburse Fourth Phase and Second Phase for any and all loss and damage suffered by Fourth Phase and Second Phase and those for whom in law they or either of them are responsible arising or resulting from faulty or inadequate construction and/or workmanship and material and any commission or omission relating thereto.

4.5 The City, at its expense, shall have a reference plan of the widened egress ramp prepared by an Ontario Land Surveyor for the purposes of this Agreement and registered when the said widening and alteration to the present egress ramp are completed.

4.6 The Hotel Developer shall permit Second Phase, Fourth Phase and First Phase to egress over that portion of the said egress route to King Street West which is located on the Hotel Lands during the period that the Hotel Developer shall have egress as aforesaid.

4.7 The Hotel Parking Agreement and the agreements contemplated by this paragraph 4 shall also contain such other terms and conditions to which the parties may mutually agree.

Section 5. - Truck Loading Dock and Access Thereto for Hotel

(a) The Hotel Developer acknowledges that Fourth Phase has constructed on the lands leased pursuant to the Fourth Phase Lease a truck loading dock and vehicular access thereto by means of a ramp down from Bay Street (the vehicular access being located and shown as Parts 4 and 5, Plan 62R-5316 and part thereof as Part 1, Plan 62R-6886 and the truck loading dock being located and shown as Part 2, Plan 62R-6886) at a cost in excess of Four Hundred and Forty Thousand Dollars (\$440,000.00). (b) The Hotel Developer shall agree with Fourth Phase as to the operation, maintenance and repair of the said vehicular access. The agreed costs of the same shall be borne to the extent of seventy-four percent (74%) by Fourth Phase and twenty-six percent (26%) by the Hotel Developer, with users, (if any) other than the Hotel Developer or Fourth Phase, paying such share thereof as shall be agreed upon by the City, Fourth Phase and the Hotel Developer and such other users, and failing agreement, the same shall be settled by arbitration pursuant to the provisions of this Agreement.

(c) The use of the vehicular access shall be controlled in such reasonable manner as may be agreed upon by the City, Fourth Phase and the Hotel Developer having regard to the other users (if any), subject to the rights of the City, which are provided for in Schedule "C" of the City's June 1, 1981 Ground Lease to Fourth Phase.

Section 5. Continued

- (d) (i) The Hotel Developer, after making the payment referred to in paragraph 5(a) and so long as the Hotel Developer shall fulfill its obligations contained in the agreements contemplated in paragraph 5(b), including promptly fulfilling the financial obligations contained herein, shall have the right to use the said loading dock and the said vehicular access (subject to its replacement pursuant to paragraph 6 hereof) for the purpose of bringing supplies, materials, equipment and furniture to and removing the same and garbage from the Hotel, and for any other reasonable requirements to service any retail outlets, restaurants and other tenants occupying the Improvements constructed by the Hotel Developer pursuant to the Hotel Lease all in conjunction with the use of the same by Fourth Phase for the Fourth Phase Lease premises.
- (ii) The Hotel Developer and Fourth Phase shall co-operate one with the other in the use of the said loading dock and the said vehicular access thereto and shall agree upon such regulations for the use thereof and, subject to both of such parties' approval, for the use of the said vehicular access by any other parties as the Hotel Developer, Fourth Phase and the City may agree, all acting reasonably. The parties hereto agree that the City may grant the use of the said vehicular access to the other users contemplated in Section 6 of this Agreement.
- (iii) Fourth Phase shall operate, maintain and keep in good repair the said loading dock and until the construction contemplated in paragraph 6 is completed, the said vehicular access, and will properly and equitably account for the costs and expenses relating to the same. Commencing on the date that the Hotel Developer first uses the loading dock, the agreed costs of operating, maintaining, and repairing the said loading dock shall be borne to the extent of fifty percent (50%) by each of the Hotel Developer and Fourth Phase.

Any such relocation by Fourth Phase shall be at its cost and Fourth Phase shall provide, on its Fourth Phase leased premises, reasonable vehicular access where necessary to replace the said vehicular access, and shall provide reasonable loading dock facilities to replace the said Part 2, 62R-6886 for the Hotel Developer during construction of the relocated Improvements.
- (f) (i) Fourth Phase shall sublease to the Hotel Developer and the Hotel Developer shall sublease from Fourth Phase an access area to the said loading dock (shown as Part 3, Plan 62R-6886) the term of the same to commence on the date the Hotel Developer commences to use the said loading dock. If at the time the rental rate is to change as hereinafter mentioned, should Fourth Phase then be leasing to third parties storage space in the Fourth Phase lease premises for a higher use and at a higher rental rate than determined aforesaid, then, upon the date of rent readjustment as provided in the sublease, the rental rate shall be based upon such higher use and rate then in effect. The term of the sublease shall be for the balance of the term of the Fourth Phase Lease, reserving therefrom the last day thereof, and shall provide for changes in the rental rate every five (5) years determined on the basis hereinbefore set out, and Fourth Phase shall have the right to terminate the same and relocate the access area all in a manner similar to those set out in subparagraph 5(e) immediately preceding. In the event of relocation of the said loading dock as aforesaid, Fourth Phase shall provide alternate access thereto, for the Hotel Developer in a manner similar to that contemplated herein. The said access area shall be used only for the purposes referred to in paragraph 5(c) and the usual form of Fourth Phase's net lease, except as otherwise specifically agreed herein, shall be applicable.

(ii) The said sublease shall contain a covenant by Fourth Phase to request from its Mortgagee(s) and to use reasonable efforts to obtain from such Mortgagee(s) a non disturbance agreement in favour of any mortgagee(s) of the Hotel and the Hotel Lease, in a form used by Fourth Phase's Mortgagees which will provide for non disturbance so long as the applicable sublease is in good standing.

(g) Any agreements contemplated in this paragraph 5, shall contain such other terms and conditions as the parties may agree upon.

The parties agree that at the request of the City, such additional parties shall have the right to use the existing vehicular access and the reconstructed and extended vehicular access and it is agreed that all existing and future users of the same shall, acting reasonably, determine their respective use of the same in a manner consistent and appropriate, taking into consideration the use and requirements of all other users and acting reasonably, shall not interfere with the use of the same by other users.

Section 6. - Easement for Vehicular Access from Bay Street to York Boulevard

(a) The City is reconstructing, at its expense, a portion of the said existing vehicular access from Bay Street located on Part 4 and Part 5, Plan 62R-5316 (being the vehicular access referred to in paragraph 5), in conjunction with the construction of the Trade Centre/Arena and an extension of

the vehicular access through the land located on Part 6, Plan 62R-5316, to permit access to York Boulevard, such reconstructed and extended vehicular access is shown as Part 1 on a Preliminary Survey prepared by the Regional Surveyor as No. RC-H-233 (which Survey is to be deposited in the Land Registry Office for the Registry Division of Wentworth as a Reference Plan, a copy of which Survey is attached hereto as Schedule "I") and such reconstructed and extended vehicular access route is more particularly described in Schedule "J" attached hereto. Once the said reconstruction and extension is completed, the City, at its cost, will prepare and register a reference plan of the reconstructed and extended vehicular access and provide copies of the same to the parties hereto.

(b) The City will grant an easement free and clear of all encumbrance subject to the terms of this Interface Agreement to Fourth Phase and Second Phase and to the Hotel Developer for vehicular access over, along and upon the said reconstructed and extended access route which will be shown on the said prepared reference plan.

(c) The grant of easement as referred to in (b) above, shall be contained in an agreement which shall provide for the City to maintain, operate and repair the said reconstructed and extended vehicular access from the date of its completion. Subject to the existing rights of the City and the parties hereto, pursuant to the Fourth Phase Lease, the Second Phase Lease, if any, and the Hotel Lease, the City, Fourth Phase and the Hotel Developer and such other users of the said reconstructed and extended vehicular access, as may be agreed, shall each bear their agreed upon share of the maintenance, operation and repair costs of the said reconstructed and extended vehicular access, taking into consideration the use of the same. The use of the said easement and regulations in regard thereto shall take into consideration the reasonable requirements of all users. The use of this easement shall be controlled in such reasonable manner as may be agreed upon by the City, Fourth Phase and the Hotel Developer.

(d) The said easement agreement shall acknowledge that the City may grant to the occupiers of Part Six, the Lessee of Part Two and the occupiers of Part Seven (such Parts being as defined in the Development Agreement) an easement for vehicular access over, along and upon the said reconstructed and extended vehicular access, subject to such parties agreeing with the parties hereto as to their proportionate share of the agreed maintenance, operation and repair costs of the said reconstructed and extended vehicular access.

(e) Fourth Phase, the Hotel Developer and the City agree that the City, pursuant to its rights as owner of this reconstructed and extended access and pursuant to the rights which the City expressly retained when it granted Fourth Phase an easement through a portion of this vehicular access, may immediately upon completion of the construction of the reconstructed and extended access, use this vehicular access.

(f) The City shall have the same right of relocation and termination in relation to the reconstructed and extended vehicular access as referred to in paragraph 4.3(c) of this Agreement.

Section 7.

Section 7. - Interconnection between Parts 3 and 4

The Hotel Developer covenants that it shall construct the Improvements on the lands leased pursuant to the Hotel Lease substantially as set out in the Schedules marked "D-1 to D-7" hereof and the City acknowledges that Fourth Phase has constructed its Improvements as defined in the Fourth Phase Lease so as to achieve the best possible integration, one with the other, and the other uses of Lloyd D. Jackson Square, north of King Street West, at all levels up to the Plaza Level. The Hotel Developer agrees to construct or complete the construction of a glass covered climate controlled interconnection at the Plaza Level as shown shaded red on Schedule "D-4" hereto at and for a total cost of not more than Fifty-Nine Thousand, Five Hundred Dollars (\$59,500.00) (any additional cost being borne by the Hotel Developer), and that such construction shall be completed no later than the date of substantial completion of the Hotel. Fourth Phase shall pay to the Hotel Developer upon the earlier of the opening of the Hotel for business or Phase IV commencing to use such interconnection, its proportionate share of the above-stated cost of the same, based on a lineal foot calculation of the portion thereof which is located on the Improvements of each of the Hotel Developer and Fourth Phase. Fourth Phase hereby grants access to the Hotel Developer and/or its contractor for the purposes of construction of the said interconnection, (provided that the plans thereof have been approved by Fourth Phase and its Architect and all other arrangements relating to construction will be similar to those relating to the construction and widening of the egress as set out in paragraph 4(e) hereof). Upon completion of the glass covered climate controlled interconnection, each of Fourth Phase and the Hotel Developer shall own and be responsible for the repair and maintenance (such maintenance to include providing adequate cleaning, heating, lighting and air-conditioning) of that portion of the said interconnection which is located within the boundaries of the lands leased by it from the City. Each of Fourth Phase and the Hotel Developer agree to indemnify and save harmless the other from any action, suits, causes of action, damages, costs and expenses incurred or arising out of or resulting from any failure by the other to adequately and responsibly repair and maintain their respective portions of the said interconnection.

Each of Fourth Phase and the Hotel Developer shall have access to the Improvements of the other through such interconnection in the manner contemplated in paragraph 8 hereof.

The Hotel Developer agrees to request from its Mortgagee(s) and to use reasonable efforts to obtain from such Mortgagee(s) a non disturbance agreement in favour of Fourth Phase and any mortgagee(s) of Fourth Phase, which will provide for non disturbance so long Fourth Phase is in good standing, pursuant to this sub-paragraph.

Section 8. - Integration

Second Phase, Fourth Phase and the Hotel Developer shall mutually agree as to the interrelationship of their retail/commercial activities at the Promenade Level (and Plaza Level where applicable), as to the interconnection and method of access to and egress from the mall systems and as to hours of operation and security; and the Hotel Developer shall construct and operate, and each of Second Phase, Fourth Phase and the Hotel Developer shall operate its respective mall systems at the Promenade Level (and Plaza Level where applicable) so that the same shall connect directly with the openings constructed by Second Phase and Fourth Phase and so as to permit unimpeded

pedestrian flow between and through the Improvements constructed pursuant to the Hotel Lease, Second Phase Lease and Fourth Phase Lease, respectively. It shall be an obligation of Second Phase and Fourth Phase to remove such existing doors and vestibules in order to allow such unimpeded pedestrian flow as may be required to comply with the City's proper requirements and it shall be the obligation of the Hotel Developer to complete all other connections and complete all doors and vestibules within the Improvements of the Hotel Developer to comply with the proper requirements of the City. Second Phase, Fourth Phase and the Hotel Developer agree to co-operate reasonably in this connection keeping in mind the security of each party's Improvements. Each party shall permit access to the public at the reasonable hours and commercially reasonable times during which it shall generally conduct its business to their respective mall systems at the Promenade Level (and the Plaza Level where applicable) in accordance with normal commercial hours, subject to such access being exercised in a reasonable and usual manner and to such temporary interruptions as may be necessary for operation, construction and repair.

Section 9. - Publicly Useable Open Space

(a) The City recognizes that at the times that the Fourth Phase Lease, the Second Phase Lease and a lease with First Phase were executed, the Phase Six lands (as defined in the Development Agreement) were not designated as being used for a Trade Centre/Arena complex.

(b) The City recognizes that the proposed use of the Phase Six lands will increase the obligations imposed on the lessees named in the foregoing leases and in the Hotel Lease and that the operation of the Trade Centre/Arena complex will change the use of the Publicly Useable Open Space (as defined in the Development Agreement) from that originally contemplated.

(c) The City agrees to amend, on a reasonable basis, the definition and obligations as set out in the said leases relating to Publicly Useable Open Space in an equitable and reasonable manner, taking into consideration that the obligations and use of the same will change because of the City's change in the use of the Phase Six Lands.

(d) The City agrees to amend, on a reasonable basis, the foregoing leases on, giving consideration to such matters as management, cost sharing, common maintenance obligation, reconstruction if necessary, access and egress, security sharing and assumption of liability to the public, all to reflect the development of the Trade Centre/Arena complex and the projected increase in traffic at the Plaza Level and accesses thereto.

(e) The City agrees to use its best efforts to reach such an agreement and to amend the said leases in a reasonably expeditious fashion after execution of this Agreement.

Section 10. - Recitals

The parties agree that the recitals hereto are true and correct and shall be performed and adhered to save as otherwise in the body of this Agreement set out.

Any dispute which arises between the parties hereto hereunder or in respect of any agreement resulting therefrom, relating to the interpretation of the wording contained herein or therein or any dispute between the parties hereto relating to the contributions of the parties to costs and expenses of any of the work described herein and to the validity of the same, shall be determined and settled in accordance with the following procedure.

The party requiring the matter to be determined by arbitration ("First Party") shall give written notice to the other party ("Second Party") of the matter to be determined plus the name and address of the arbitrator appointed by the First Party. Within thirty (30) days of the receipt of such notice by the Second Party, the Second Party shall give written notice to the First Party of the name and address of the arbitrator appointed by the Second Party and, failing such notice by the Second Party given as aforesaid, the arbitrator for the First Party shall forthwith proceed to determine the matter. Each party shall bear one-half (1/2) of the cost and expense of the arbitration. If there are more than two (2) parties involved in arbitration hereunder, the Second Party shall include collectively all parties other than the First Party and such parties shall be entitled to one (1) arbitrator and shall agree amongst themselves in regard thereto.

- 15 -

Section 12. Continued

All parties to this Agreement shall be served with notice of any arbitration to which it is not a party and shall receive notice of all hearings hereunder and shall have the right to and may attend all such hearings and make submissions in regard to the matter or matters in dispute. In the event that a submission is made by any party, the party making such submission shall bear part of the costs and expense of the arbitration as may be determined by the arbitrators and the arbitrators are directed accordingly.

Section 13. - Easement

(a) The right of egress to King Street West as referred to in Section 4; the right of user of the vehicular access route and the loading dock as referred to in paragraph 5 and paragraph 6; and the right of user in respect of the interconnection as referred to in paragraph 7; are intended to be and shall be interests in land, which will run with the land, described in Schedules "A", "B" "C" and "J" attached hereto, and are intended to bind and benefit the City, Fourth Phase, Second Phase and the Hotel Developer, as the case may be, their respective successors and assigns, as to their respective interests in the said lands.

(b) The parties hereto acknowledge that this Agreement or any agreement, easement, lease or sublease contemplated by this Agreement shall be registered in the appropriate registry office as against the lands affected thereby and the lands described in Schedules "A", "B" and "C" attached hereto, as the case may be.

(c) Appropriate grants of easement shall be executed and delivered by Fourth Phase, Second Phase and the Hotel Developer and the City, as the case may be, in favour of the beneficiary of such grant of easement, in registrable form as soon as an appropriate legal description of such easement, suitable for registration, is available.

(d) Such grants of easement shall contain provision for termination, reconveyance or expiry, as may be applicable, in the event of uncorrected financial or other default on the part of the grantee (provided that in any event, this clause shall not deprive the City or its assignee the easement to use the said egress route from the Hotel Parking through the premises of Second Phase and Fourth Phase to King Street West, if the City or its nominee shall assume the obligations of the Hotel Developer as herein provided); or of the relocation of the easement as otherwise contemplated in this Agreement. Such grants of easement shall each specifically set out the procedure whereby the said grant can be terminated, reconveyed or caused to expire; will appoint the grantor of the easement as an attorney on behalf of the beneficiary to execute all necessary releases and reconveyances; (however, the grantor shall not be an attorney of the City under any easement, agreement or sublease herein) and contain such other requirements as may be necessary to effect the foregoing.

(e) Each grant of easement shall be for the term of the lease of the grantor or the grantee, as the case may be, if the City is the grantor, less the last day thereof and will contain such other terms and conditions as may be applicable to the specific easement.

- 16 -

Section 13. Continued

(f) Subsequent to the delivery of each grant of easement, the grantor of the same will request from its mortgagee or mortgagees, as the case may be, a non disturbance agreement in favour of the grantee of such easement whereby such mortgagee(s) will agree not to disturb the use of the grantee of the easement in the event such mortgagee(s) shall exercise its security, provided the grantee shall be fulfilling all of its obligations relating to such easement and this Agreement. The said grantor shall use its reasonable efforts to obtain such non disturbance agreement. It shall be a term of the said non disturbance agreement that it shall be in favour of the grantee, its successors and assigns.

(g) All the parties hereto do each hereby covenant and agree that they will not dispose, by way of sale, transfer and/or assignment, or in any other way whatsoever, of any of their respective interests in the lands described in Schedules "A", "B" and "C" attached hereto, without first acquiring from any such purchaser, transferee or assignee, their undertaking to abide by and be bound by all of the terms, covenants and conditions of this Agreement or any agreement, easement, lease or sublease contemplated by this Agreement. The undertaking shall not apply to any subsequent mortgagees or similar encumbrancers of any of the lands, unless it shall take possession of the lands and Improvements thereon and then, only so long as it has such possession until such time as its successor shall assume the obligations of this Agreement. Such undertaking shall be in favour of and delivered to the remaining parties to this Agreement.

(h) Subject as agreed herein, the term of the rights of use, occupation and passage granted hereunder to any of the parties hereto shall be for the term of the lease of such party granting the same, less the last day thereof. In the event that the use of the Improvements of the party benefitting therefrom shall change from those contemplated at the time of execution hereof, all rights of use, occupation and passage granted hereunder and the obligations therein to the said party benefitting therefrom, or its assignee, shall continue, save and except for the Hotel Parking Agreement provided for in Section 4 herein, which agreement shall then be renegotiated, in the event that Phase Three is not used as a Hotel. Provided that in any event, this clause shall not deprive the City, its nominee, lessee or assignee the easement to use the said egress route from the Hotel Parking through the premises of Second Phase and Fourth Phase to King Street West.

(i) Should the Hotel Developer, Second Phase or Fourth Phase or their respective successors or assigns decide to change or redevelop the Improvements constructed pursuant to their lease, the party or parties hereto affected thereby shall agree to any reasonable change in the location of any of its rights contemplated hereunder if such change shall not unduly adversely affect such other party, all acting reasonably.

Section 14. - Miscellaneous

(a) This Agreement shall be binding upon and shall enure to the benefit of the parties hereto and their respective successors and assigns and any such assignment shall not release the assignor from its obligations contained herein.

- 17 -

Section 14. Continued

(b) The parties hereby agree that each of them shall execute such further assurances as may be reasonably required to assist in the performance and in the fulfillment of all of the terms and conditions hereof provided that this shall not extend to further agreements or agreements resulting from this Agreement, in which case, the parties shall only be required to act reasonably on a commercial basis using good faith.

(c) This Agreement may not be modified or amended except by an instrument in writing of equal formality herewith signed by the parties hereto or by their successors or assigns.

(d) No waiver by any of the parties hereto of the breach of any covenant or provision hereunder shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other covenants or provisions hereunder. No waiver shall be effective unless in writing.

(e) This Agreement is subject to compliance with Section 49 of The Planning Act, Statutes of Ontario, 1983, c. 1 and amendments thereto. The parties agree that if all or any portion of this Agreement or an agreement, lease or sublease contemplated by this Agreement requires approval under Section 49 of The Planning Act, then the party receiving the grant of such interest shall, in the name of the grantor, forthwith apply for, proceed diligently with and at its cost, use its best efforts to obtain consent under said Section 49.

(f) Second Phase, Fourth Phase and the City acknowledge and agree:

(i) That the Hotel Developer shall be entitled to assign all of its right, title and interest under this Agreement or any agreement, lease or sublease contemplated by this Agreement to any mortgagee or mortgagees of all of the Hotel Developer's interest in the Hotel and the Hotel Lease, including any and all Improvements constructed or installed in connection therewith.

(ii) That upon the request of any such mortgagee or mortgagees referred to in the immediately preceding paragraph, each will provide their written consent to such assignment.

(iii) That any such mortgagee or mortgagees referred to in subparagraph (i) of this paragraph 14(f) shall not be under any obligation to assume any or all of the terms and obligations of the Hotel Developer under this Agreement or any agreement, lease or sublease contemplated by this Agreement, but shall be entitled from time to time to remedy any defaults of the Hotel Developer under this Agreement or under any agreement, lease or sublease contemplated by this Agreement on an individual basis provided that in the event that any such mortgagee or mortgagees of the Hotel and the Hotel Lease should succeed to the interests of the Hotel Developer in the Hotel, and the Hotel Lease by way of foreclosure or otherwise takes possession thereof the Hotel or if the Hotel premises are sold pursuant to a power of sale under any such mortgage, then such party succeeding to the interests of the Hotel Developer in the Hotel and the Hotel Lease shall agree to assume all of the terms and obligations of this Agreement and any agreement, lease or sublease contemplated by this Agreement.

- 18 -

Section 14.(f) Continued

Subject to the foregoing, the Hotel Developer agrees, if requested by the City, which request may only be made by the City upon the occurrence of any unremedied default by the Hotel Developer under the terms of this Agreement or any agreement, easement, lease or sublease contemplated by this Agreement, to assign, subject to any prior assignment authorized hereunder, to the City or its nominee all of its right, title and interest to this Agreement or under any agreement, lease or sublease contemplated by this Agreement.

In such event and upon the City or its nominee agreeing to assume all of the terms and obligations of this Agreement, and any agreement, lease or sublease contemplated by this Agreement, then the parties to the herein Interface Agreement shall agree to such assignment, subject to the terms and obligations of this Agreement and any agreement, easement, lease or sublease contemplated by this Agreement being fulfilled and assumed by such assignee.

Fourth Phase and Second Phase covenant to the City that if requested by the City, each or both of them, as the case may be, will enter into a new Interface Agreement (or sublease, lease, agreement or easement contemplated by the Interface Agreement) on the same terms as they had with the Hotel Developer, but with the City or the City's nominee, in the event that the Hotel Developer is in unremedied default as aforesaid and the Hotel Developer is unwilling or unable to assign as aforesaid the Hotel Developer's interest to the City or its nominee.

None of the foregoing shall release the Hotel Developer from its obligations hereunder.

(g) In the event the City or its nominee, successor, assign or lessee, other than Lakeview Development Ltd., shall take possession of the Hotel and the Hotel lands at any time or times, then, the City, its nominee, successor, assign or said lessee, as the case may be, shall then fulfill and assume the obligations hereunder of Lakeview Development Ltd. upon receiving from Second Phase and Fourth Phase a new agreement for the purpose of receiving from Second and Fourth Phase the same rights, privileges and benefits which Second and Fourth Phase provided to Lakeview Development Ltd. under this Interface Agreement and under the agreements, subleases or easements it authorizes, but the City shall not otherwise be required to assume such obligations.

(h) The Hotel Developer covenants and agrees to and with the City that a breach by the Hotel Developer of a term, condition, covenant or obligation of the Hotel Developer under this Interface Agreement or any agreement, sublease, or easement contemplated by this Agreement, shall be deemed to constitute a breach by the Hotel Developer of the May 3, 1983 Ground Lease, between the Hotel Developer and the City.

(i) (i) All calculations made or referred to herein shall be made in accordance with generally accepted accounting principles and practices applied on a consistent basis. Subject as hereinafter provided, all parties agree that any monies, expenses or charges which are to be paid by one or more parties to the other are due and payable within thirty (30) days of receipt of invoice and thereafter interest on any amount unpaid shall accrue at the then Bank of Montreal prime rate plus three percent (3%) until paid, unless the liability or amount or calculation thereof is then being arbitrated, in which event, the decision of the arbitrator(s) shall apply.

Section 14.(i) Continued

(ii) If unpaid thirty (30) days after a written demand for payment is made and received by the party required under this Agreement to make such payment, then on sixty (60) days' written notice addressed to, made and received by the defaulting party and its mortgagee(s) and the other parties hereto, the party demanding payment may terminate any applicable agreement on written notice, unless there shall be a valid reason for non payment based on accounting practice and an auditor's opinion to that effect provided, or the question of payment or non payment or the amount thereof or the calculation thereof has been referred for determination by arbitration hereunder.

(iii) The agreement to be terminated shall terminate on the later of the date stated in the notice or within fifteen (15) days of the date of the decision of the arbitration thereof, if applicable, unless the payment to be made and interest thereon is paid by the defaulting party or prior to such later date.

(j) If any provision of this Agreement is unenforceable or null and void, then that provision and any obligations in relation thereto shall be severed and the balance of the Agreement shall remain in full force and effect.

(k) The City recognizes that the Improvements of Fourth Phase and Second Phase have been fully completed and that the Improvements to be built by the Hotel Developer are presently being constructed. It is also recognized that in order to complete the intent of this Agreement, there are various matters to be considered relating to the interconnection of all of the Phases of the Lloyd D. Jackson Square. In this connection, it is recognized that once the Hotel is in operation, further agreements may, from time to time, be required between the parties relating to the interconnection and interaction of the parties' Improvements and the use thereof, and the parties hereto agree to act reasonably in considering the same.

(l) The Hotel Developer agrees that it shall pay promptly upon submission of invoices therefore its share (as agreed upon with Second Phase and Fourth Phase) of all costs, charges and disbursements reasonably incurred from and after January 1, 1984 by Second Phase and Fourth Phase in respect of the preparation of this Agreement and any agreement resulting therefrom and the matters contemplated herein, including the cost of the architectural, engineering, legal and other consultants and advisors retained by Fourth Phase and Second Phase.

(m) The City, Second Phase and Fourth Phase and the Hotel Developer hereby acknowledge that any and all of the terms, covenants and conditions to be performed by the Hotel Developer under this Agreement or any agreement, easement, lease or sublease contemplated by this Agreement, may be performed and/or observed by any of them or by third parties on behalf of the Hotel Developer.

(n) Notwithstanding any of the terms, covenants and conditions contained in this Agreement with respect to the right of Second Phase and Fourth Phase to terminate this Agreement or any agreement, lease, sublease or easement contemplated by this Interface Agreement (such right itself being subject in certain circumstances to the arbitration provisions in this Agreement), by virtue of the failure of the Hotel Developer to remedy its default within the time

limits specified in this Agreement, it is hereby acknowledged by the parties hereto that in the event that any default by the Hotel Developer is not remedied in accordance with the provisions of this Agreement, that this Agreement shall not terminate unless the party giving the notice, shall have given the Mortgagee(s) of the Hotel and the Hotel Lease the sixty (60) days notice provided for in Section 14 and that sixty (60) day period shall have expired with the default not having been remedied.

(o) The Hotel Developer agrees that it will not voluntarily terminate any agreement, sublease or easement contemplated by this Agreement, with First Phase, Second Phase or Fourth Phase, except with the prior written consent of the City.

(p) Prior to the execution of this Agreement by Second Phase and Fourth Phase, Lakeview agrees to pay Second Phase and Fourth Phase Lakeview's agreed upon share of the expenses incurred by Second Phase and Fourth Phase referred to in Section 4.4(f) and 14(1), up to the time of the execution of this Agreement
